Table S1. Haplotype Frequencies

Frequencies of all haplotypes observed in infrapopulation samples. Each infected individual is represented as a column heading with rows as haplotype names. Corresponding entries refer to the haplotype frequency found within each infrapopulation. Corresponding information on sample sizes and number of unique haplotypes can be found in Table 1.

Name	Freq	T0059PN	T0083PN	T0097PN	T0150A1	T0186A1	T0388A1	T0142A2	T0145A2	T0346A2	T0363Y1	T0557Y2	T0582Y2	T0609ML	T1602ML	T1358MO	T1384MO
